

Our Learning

Week Beginning 12th November

Our child led learning focus this week has been:

Physical Development:

We have been giving the children opportunities to:

*Talk about how to look after themselves

*Discuss how to stay fit and healthy

Understanding the World

This week has been Anti-Bullying Week. The children have enjoyed talking about being kind to each other. We discussed different acts of kindness we could do to put a smile on people's faces. We also talked about Pudsey Bear and Children in Need.

In Literacy...

We have been talking and writing about our trip to Delamere Forest. We have discussed all the exciting things we did and thought about the order that they happened. We have also continued our work on The Gruffalo. The children have enjoyed acting out the story in our Gruffalo cave.

In Maths ...

This week have been focusing on pattern. The children have been fantastic at spotting patterns in different places around our school. They have enjoyed continuing patterns and creating their own in lots of different ways, using lots of different objects. We have continued to develop our knowledge of teen numbers.

In Letters and Sounds ...

We have continued to use the phase 2 sounds we know in our reading and writing. We have also introduced the tricky words 'the' and 'I'.
