

# Our Learning

Week Beginning 19th November

Our child led learning focus this week has been:

*Expressive Arts and Design*

We have been giving the children opportunities to:

- Experiment with different media
- Construct with a purpose in mind

*Understanding the World*

This week has been Road Safety Week. We walked to the Spar to buy ingredients from the Gruffalo's Cookbook. On the way we discussed how to stay safe around roads and how to cross safely. The children really impressed us with their behaviour. What sensible tiger Cubs we have!

*In Literacy...*

We have been looking at instructions. We wrote a long list of bossy words and used them to write some bossy sentences to tell people how to prepare food from the Gruffalo's Cookbook. We have been working extra hard with our cursive handwriting, focussing on curly caterpillar letters. We have also created signs linked to our work on Road Safety Week.

*In Maths ...*

This week our focus has been money. We have been becoming familiar with the names of coins and discussing similarities and differences between them. We have discussed vocabulary linked to money and the children choose to turn our deconstructed role play as a shop. They have enjoyed playing the roles of shopkeepers and customers.

*In Letters and Sounds ...*

We have played lots of blending games in order to build our confidence in reading. We have also introduced the tricky words 'no', 'go' and 'into'.
