

Our Learning

Week Beginning 22nd April

Our child led learning this week linked to Making Relationships

We have been looking for evidence of the children

- *Organising different activities and taking turns with others
- *Solving problems which occur during play
- *Listening to and taking on board ideas from others

- Challenge your children at home by asking them to read and write sentences and words containing the phase 3 digraphs. It is essential that the children continue to practise these.

In Literacy...

This week we have started to read 'Star in a jar' by Sam Hay. We started by going on our own treasure hunt around the classroom and writing adjectives to describe our treasure. We then wrote sentences about what we could see in the first picture, with a focus on 'doing words'.

In Maths ...

This week we have had a focus on subtraction. The children have been counting backwards from different numbers and telling their own taking away stories through their play. We have continued to secure of knowledge of 1 less of numbers up to 20.

In Letters and Sounds

The children have continued to learn different quick blends, focussing on br and cr. We are also continuing to apply the digraphs from phase 3 into our reading and writing.
