

# Our Learning

Week Beginning 29th April

**Our child led learning this week linked to Health and Self Care**

We have been giving the children opportunities to

- \*Manage their own risks
- \*Demonstrate their understanding of how to transport and store equipment safely
- \*Demonstrate their understanding of the importance of staying safe in different situations

Please check your children's letters and sound folder to look out for the Phase 4 quick blends the children have been learning and the bookmark of tricky words within this phase.

## In Literacy...

This week we have continued with our story 'Star in a Jar'. We had written our own wishes to hang on our wishing tree and have been exploring rhyming words. We have been continuing to focus on our ascenders and descenders in handwriting and have started joining letters together.

## In Maths ...

This week we have continued our focus on subtraction, using our taking away skills in lots of different scenarios. We have also had a focus on number formation and recognition, to ensure numbers are formed correctly and the right way and to ensure children can recognise all numbers to 20.

## In Letters and Sounds

We have continued with our quick blends from phase 4. This week we have looked at 'pr', 'tr' and 'st' (beginning and end of words). We have been 'quick blend spotters' during our reading sessions, looking out for different quick blends.
